Vancouver, BC tapestry artist Ruth Jones will speak at the Whatcom Weavers Guild's October 14, 2009. Ruth Jones' presentation will focus on her fiber arts career, the Aubusson style of tapestry weaving, how she creates her tapestries in this tradition, and her passion for tapestry weaving. Examples of her finished pieces and a slide program will enhance her lecture and give guests the opportunity to see Ms. Jones' painterly style of tapestry.

As an accomplished tapestry artist working in the Aubusson tradition, Ruth Jones has shown her work extensively throughout Canada, the United States and internationally. Her tapestries are owned by IBM Corporate Headquarters, New York; Museum of

Anthropology, Vancouver, BC; and are held in numerous private collections. More information about Ruth Jones and her work can be found at <<http://www.ruthjones.ca>>www.ruthjones.ca.

WWG Annual Theme

By taking a broader look at what our membership is interested in these days, this year's theme will be "Influences". Guild programs will reflect how we are influenced and gain influences from the things around us ~ influences could mean a lot of things to a lot of people. Each area of fiber arts influences the other ~ each skill we learn in one area translates to the next ~ each exposure to an artistic expression influences our personal work ~ one guild member influences the work of another.

How do guild members, meetings and programs influence you? Feel free to take this theme as far as you want this year. Try something new that has been influenced by something you have learned, heard, or even read. Dazzle us with your work at the last meeting in June when we have our wrap-up show and tell and stash sale.

HAVE YOU PAID YOUR DUES?

Now is the time to renew your membership in the Guild. We have a great line-up of programs this year that you won't want to miss. Dues are still only \$20 per year -- bring your check to the October meeting or mail it to: WWG, PO Box 403, Bellingham 98227.

ideas of ways you can help promote the sale:

We will have some press! The sale is listed in oodles of calendars throughout the Pacific Northwest. We will also be included here ~

Entertainment News NW, October issue. <<http://www.enw.info/ENNW-oct09.pdf>><http://www.enw.info/ENNW-oct09.pdf> (They put the wrong credit line with the image! Of course you all know that this is Kathy Green's fiber. I have to admit that I inundated ENNW with stuff for the sale ~ I sent close to 10 different images.)

Bellingham Herald, Sunday, October 11th (no link available)

KVOS, channel 12, Experience Northwest with Deb Slater ~ showing 3 times per week (Sat. 5p, Mon. 6:30a, & Wed. 6:30a): a 5 minute spot on the Whatcom Weavers Guild and Fibers & Beyond feature Gina Saettone, Kathy Green and April Muegge.

PLEASE READ THE FOLLOWING. THIS IS THE ONLY COMMUNICATION THAT WILL BE MADE.

This is information that you need to read!! Even if you have entered Fibers & Beyond every year, things change. There have been lots of comments that we need less "sales stuff" at the meetings, but unless you (yes you!) read this, you will not know changes.

Community Outreach Project

Mug-rug project completion

Thanks for your efforts in making some wonderful mug-rugs!

We have a total of 36 mugs and mug-rugs, enough for each woman at the YWCA.

We'll be presenting the mugs and mug-rugs to the Y on Friday, Oct. 2, at 10:30 a.m.

You are all welcome to attend the presentation. The women residents will not be present, because of privacy issues. Many of them have been in abusive situations, and wish to remain off the radar.

The Y is located at 1026 N. Forest, at the corner of Forest and Maple Streets. If you decide to come, remember that parking is tricky, especially with all the construction on Forest Street. State Street (one block down the hill) is often a good place to hunt for a parking spot.

Natural fibers and the Bellingham Public Library

For more info on the International Year of Natural Fibres 2009, visit

<<http://www.naturalfibres2009.org/>>www.naturalfibres2009.org.

During the month of October, the guild is responsible for providing a display in the museum case at the entrance to the Bellingham Public Library. This is a great opportunity to let others in the community know about our guild and provide a little extra publicity for Fibers and Beyond.

The United Nations has declared 2009 to be the International Year of Natural Fibres. In keeping with that, we plan to show natural fibers and things made from them in the library's display case.

ANWG NEWS

This year the ANWG Board will award 5-10 grants of \$200 - \$400 each. Though every effort will be made to make the grants in allotments of \$400, the final number and dollar amounts will be based on the final budget. Preference will be given to guilds who have not received a grant in the past five years.

The purpose of ANWG guild grants is to promote weaving education within the ANWG region by assisting guilds to hold weaving workshops. The instructor must not be a member of the applying guild. **Applications for a guild grant will be accepted until November 1st, 2009.**

For those guilds that are awarded a grant, half of the grant amount will be sent to guilds in January of 2010. The balance of the grant will be sent to guilds upon receiving guild workshop reports and receipts for workshop expenses. (If sending half of the money after the workshop report and receipts have been received places a financial hardship on the applying guild please contact the ANWG Education Chair to discuss an alternate distribution of funds.) The workshop must occur within the year 2010. If *any* part of this application presents an undue problem for your guild, please email us so that we can discuss your problem.

Upon holding the workshop, guilds receiving an Education Grant must send a report, along with workshop receipts, to the ANWG Education Chair. The report should give a description of the workshop and number of participants. Photos are encouraged. This report is due within two months of the date on which the workshop is held.

GUILD MEETING

Oct 12, 2009

Allen Methodist Church

16775 Allen West Bow, Washington

Social: 6:30pm

General Meeting: 7:00pm

This month at the Guild

For our October program we have borrowed notebooks number 16 through 25 of the Bateman Collection from the Seattle Weavers' Guild. The notebooks are full of exciting patterns for us to peruse and enjoy. Marie will be bringing order forms for you to use in choosing the patterns you wish copies of, at a minimal copying cost, and then will bring your copies to the November meeting. This collection is usually kept under lock and key so don't miss this opportunity to get a close look and also the opportunity to have your own copies of the patterns for your notebooks.

WORKSHOPS

<mailto:tobyMsmith@hotmail.com>tobyMsmith@hotmail.com

Workshops Update

THE FAB FOUR workshop with Robyn Spady is filling nicely but we still have a few more spaces. Note this workshop is on a weekend so if you are working, here is your chance for a workshop.

The Fab Four is an exploration of uncommon four-shaft weaves such as double-faced overshot, double-faced twill, swivel (petit-point effect on fabric), bead leno, corduroy (both single and double), honeycomb, myggtjäll (mock leno), Bedford cord, etc. This is a round robin workshop with 12 different weave structures included.

Warps – students provide their own warps. All the yarns requested are cotton, mostly 5/2 although one of the samples requires 20/2 and one 10/2. These yarns are easy and cheap to buy if you don't already have them in your stash.

Venue – The Marina Cost – approx \$80 with 12 people, about \$100 with 10 people

If you are interested, please tell Toby Smith [<mailto:tobyMsmith@hotmail.com>], or (604) 924-1712], and give a \$25 deposit to the treasurer, Barbara Young, P.O. Box 403, Bellingham, 98227

TAPESTRY WEAVING – I am getting closer to finding a tapestry instructor, so all interested people, hang onto that thought.

THE LEARNING CURVE

Calling all potential Learning Curve leaders – would those folks who are considering offering sessions on rigid heddle, basketry, beading, bookmaking, dyeing, [or anything else] please let me know we can start looking at some dates.

The Learning Curve is a process through which guild members share their skills with others. This sharing usually takes the form of a mini-workshop of a few hours or a day. Although many of our instructors are very knowledgeable about what they are teaching, you don't have to be an expert.

For example, one area of interest in the Guild is in card/tablet weaving. This is a very ancient and basic form of weaving. I can't believe that nobody in this Guild can card weave. All we need is someone who can give us a day-long starter session to get us going. Then if we want a more advanced workshop, we can get the Guild's workshop coordinator to find an expert. Now don't go saying well gee I don't know and dig your toe in the sand. Your Guild needs you. You will get all the help you need in organizing it and thinking it through. Giving a Learning Curve session will give you a great sense of confidence, you will have the satisfaction of knowing that you have contributed to your Guild, you will meet some wonderful people, and you'll get RICH (well, maybe not rich, but you will be paid.).

[<mailto:tobyMsmith@hotmail.com>] or [phone (604) 924-1712].

Bonnie's Easy Ikat needs you on Nov 5th

If you are thinking of taking this workshop, you need to let me know immediately. If we don't have at least ten people signed up by Oct 5th, we will have to cancel the workshop, as Bonnie requires a month's notice of cancellation.

This is just a one-day workshop. Bonnie is very concerned with design and colour, as well as the ikat process. Usually ikat is a very time consuming and finicky process that requires many wrappings and unwrappings of fine threads. It seems that Bonnie has developed a way of preparing ikat that makes it more accessible to the average weaver. She brings the materials with her. It is 3/2 cotton which is a good size, easy to handle. In this class we will learn the principles of ikat and then we can adapt them to any yarn we like.

No dyeing will be done in the class. We will be preparing the warps in the class and the dyeing can be done at home. This makes Bonnie's a very affordable workshop. If you have never done any dyeing, don't worry, I am hoping to have a Learning Curve workshop on dyeing this year.

Check out Bonnie's website at:

<<http://www.bonnetarses.com/>>www.bonnetarses.com if you are still undecided. This should be a very inspirational workshop.

The **cost** of the workshop is \$54 with 10 people, \$45 with 12. This includes the materials fee. The **location** is at the Marina clubhouse in Bellingham.

A Message from Hospitality:

Hospitality needs your help. We would like to respond to our members' times of happiness and/or stress with appropriate cards (get well, sympathy, congratulations, etc.). Holiday Opportunity

After the fun of Fibers & Beyond, are you looking for an outlet for your weaving, knitting, jewelry, basketry or other goodies during the Holiday season? With the loss of the annual Roeder Home show, the job just got tougher.

But wait! Thanks to our newly formed connection with the Whatcom Art Guild, we have two great opportunities during November and December. Sound interesting?

The first is the WAG Fall Arts on the Lake event, November 14th and 15th at Bloedel Donovan Community Hall. This is the fall version of the show we took part in on the Memorial Day weekend. Twenty three of our members participated in May. If you were one of them, I'll be contacting you! If you weren't, and are interested, give me a call or email.

The second is the Whatcom Art Guild and Friends Holiday Show in Fairhaven, from the end of November into December. It's a great site, great traffic during the Holiday season. Find out more in our next Newsletter. If this sounds interesting to you, give me a call or email. See you at Fibers & Beyond!

Hi Folks,

Just put up a blog for the guild. This can be used as little or as much as we want

<<http://www.whatcomweavers.blogspot.com>> ***www.whatcomweavers.blogspot.com***

If you accept the invitation you have received through <<mailto:whatcomweavers@gmail.com>> whatcomweavers@gmail.com you will than be an approved author for the blog (we can have up to 100 authors). **The password for the e-mail account and the blog account is 19weavers71.**

More and more of us are hooked into the different social networking tools, so it makes sense to bring the guild up to speed. I'll be the general administrator (which means I'll get it going), but this is much easier to update than the website for non-techies. We already have a number of bloggers in the guild, and hopefully there will be more in the future.

The blog is open for everyone to read ~ it is complete public. So if you do post something to the blog, everyone in the world will be able to read it. So I would want all of us to be considerate of each other and not publish personal information (addresses, telephone numbers, etc.). Feel free to post your own e-mail address if you want communications to be sent to you ~ but do not take it upon yourself to publish anyone else's information.

One caveat to this is workshop and program information. I can see that this will help in promoting programs, so I may be publishing speaker contact information that they have public on their own websites. In turn, Toby may include similar information for workshops.

I am heading out for the afternoon, but will tweak the blog here and there. Nothing is posted as yet, but feel free to jump in.

We will be holding our annual WWG Spin-In

on April 10-11, 2010.

It is also the weekend of the marathon on Whidbey Island, but Easter is the weekend before so this is what has been chosen. We are just trying to let folks know ahead of time so they can make hotel reservations, etc. before those "peskie runners" do (we love them, though). We are really thrilled to have Amelia Garripoli as our featured presentor. She is preparing a great program on spinning yarns for durability and color design- ie for socks, mittens, etc. We plan to have our two day admission at \$15.00 with an optional fiber packet for \$10.00.

I just learned of this online journal/blogzine from Barbara Heller. It is an online magazine about fiber arts in Canada.

Thought you might want to share the links in the next WWG newsletter. -- Julie
